NEW BANDS UP: A MACABRE SUFFOCATING AEON IS UPON US.. and besides that, ARCHITECTS!

we're gonna make happy mostly the headbangers of death, as the title suggests!

Swedish death dealers AEON have recently reminded Europe on their tour with Cannibal Corpse that they're still a force to be reckon with! And the same applies for the band revolving around Terrance Hobbs, possibly the only death metal guitar hero to share his hairdresser with the Predator! Indeed NY/DM godfathers SUFFOCATION are still a massive live force despite the recent line-up changes. CRYPTOPSY will present their own innovative ways of brutal death while the representatives of the US murder capital Chicago under the monicker of MACABRE will indeed tell some tales of a macabre nature, revolving around...surprise, murders and murderers!

Chicago took the torche from New York, a city that once witnessed it's own Epidemic of Violence and the mighty thrash force DEMOLITION HAMMER has reformed to show You how it was like back in 1992! Besides the old school masters we'll also have the cream on top of the new school US thrash with HAVOK!

ROTTEN SOUND will once again unleash a grinding fury that is yet to be surpassed while their countrymen WOLFHEART on the other hand showcase the sad nature of Finland. Their thoughtful attitude is shared by German black metal DER WEG EINER FREIHEIT that will debut at our festival.

A band that needs no introduction and will not debut at our festival are ARCHITECTS, who are sadly returning without the deceased founding guitarist Tom Searle.
