Triumph Of Death Announce German Warm-Up Concerts

Triumph Of Death, Tom Gabriel Warrior's tribute to the group Hellhammer, intended to bring to the stage for the very first time a large part of the music Hellhammer recorded from 1982 to 1984, are delighted to announce that two warm-up club concerts in Germany have been added to the band's concert schedule of 2019. These two concerts, on June 19 and 20 in Frankfurt and Essen, will mark Triumph Of Death's stage debut, and thus finally the realization of an idea that has existed for many years.

Moreover, Triumph Of Death are proud to announce the group's definite line-up, reflecting a change necessary some time ago due to irresolvable scheduling conflicts:

Alessandro Comerio (*Forgotten Tomb, The True Endless, Hiems*) - drums

André Mathieu (*Punish, Unlight*) - guitar/vocals

Tom Gabriel Warrior (*Hellhammer, Celtic Frost, Triptykon, Niryth*) - voice/guitar
