

PEACEVILLE RECORDS PODCAST SERIES

[Peaceville Records is set to delve into the world of podcasts with a series of special shows courtesy of some of our esteemed artists from our roster.](#)

And who better to commence proceedings than a man who needs no introduction but will be given one anyway. It's the seemingly bottomless pit of musical knowledge that is Darkthrone's Fenriz, with his very own selection of influential tracks from the darker side of the metal universe, who first takes centre stage.
