

VULCANO - BLOODY VENGEANCE - CD/DVD DIGIPAK NOW AVAILABLE!

Wpisany przez Oldchool Metal Maniac

poniedziałek, 15 czerwca 2015 08:49 - Poprawiony poniedziałek, 15 czerwca 2015 08:53

We are proud to announce the official worldwide release of Vulcano's debut album Bloody Vengeance! One of the earliest and most important albums in South American Metal, Vulcano's Bloody Vengeance is now available as a 6-panel CD/DVD digipak. This reissue features completely restored audio. What this means is that the audio has been completely cleaned of crackle and pops that plagued previous versions.
