Sincerely speaking, I have stumbled across JAD before but it wasn't until the KAT and VADER gig at Nowa Rezydencja in Cracow then I saw them play live for the first time.

A strikingly good performance and I was surprised to realize there were no other bands around

in our country creating similar music.

Well, I was so happy with their live show that I hastily purchased all of their releases

. These guys can bring the dead back to life with their energetic music, I tell you. I do appreciate the fact that JAD sing in Polish and although their lyrics aren't as awesome as Tomasz Budzynki`s, these are still very good ones and truly powerful, when performed live by JAD`s frontman.

The music itself is homage paid to the old punk scene of the 80s, and bands like SIEKIERA or ARMIA. "Strach" was recorded at Lazy Sound Studio in Warsaw in December 2018 and engineered by Grzegorz Kucharski.

Available on LP and CD (which includes cool bonus tracks from demo 2017). Well, if you like raw, filthy sound and minimalistic music then "Strach" will burn you to ashes with their music!!!
