

When I got a new issue of his fanzine from Sobiech, I was just as happy like I was blessed by Devil himself. It is nice that old timers don't get soft, but keep carrying the Hell's Banner and preach Infernal gospels. The second issue of **CYRO**

**GRAF ZINE**

looks much richer when compared to its debut, and though slightly thinner, delivers some condensed

**HELL**

we all can enjoy.

This issue starts with Greek **CHAOS BAHOMET**, next we meet Morgul from **PUTRID CULT**, the label that has been around for some time. Then there is a nice chat with Marek, who used to handle bass in

**EXCIDIU**

, and now runs

**METAL FIRST ART**

. Almost all old-timers wear patches or tee shirts this guy's made. Another band featured is

**EXECUTION OF LIGHT**

that praise such values as: stench, heaviness and possession. We are given an interesting Ukraine scene report

—

coupled with an interview with

**MOLOCH**

and its member Sergiey. There is also a classic black metal act from Poland here in this zine. What I am talking about is the Sobiech's article on these real Satan's fuckos

**MASTOMACH**

.

**MOLOCH LETALIS,**

spawn of Satan as they are, are nice to read about, too. Also, the chat with Wojciech, a person who's been active in, at least, 666 different projects such as

**PLAGA**

and

**LEICHENGOTT**

is very interesting. Another

“

nail

”

in the wretched Christ's body, is an interview with American

**IMPRECATION**

, the first one published here in the Polish underground.

Ok, so you can also read about French

**STAV**

; some condensed blasphemy in form of unholy

**BESTIAL RAIDS**

. Following this path, you guys better get your noses ready for the sweet stench of rot and decay. While entering the underground world of crypts and forgotten catacombs, the necromantic rites evoke

**CULTES DES GHOULS**

. This interview is this issue's best, I reckon. What is even better here, in this zine, are numerous reviews. It is a good read for any hell worshipper, yes.
