

After three years of inactivity, we can enjoy a new issue of **BURNING ABYSS ZINE**. It took Macieka while to get it done, but the zine's content ought to make up for all this waiting. Plenty of interesting stuff to read here.

The first band to join the death march is **NECROS CHRISTOS** from Germany. Next, there is a lengthy chat with Silencer, the guy who does vocals in Cracow's

MEDICO PESTE

. The interview with

HATRIOT

and Steve

“

Zetro

”

Sousa is exceptionally interesting, as he has recently joined

EXODUS

. Another death strike is a massive interview with

IMMOLATION

. Further, still in this vein we have got

OMINOUS DOMAIN

. A pinch of

DEVIL

, so an interview with

Erik

of

WATAIN

, as well as with

DESOLATE SHRINE

from Finland. We also have

SARTEGOS

, a black metal band they are, death/black

ETHELYN

and a very interesting conversation with American

OMNIPUS DOMAIN DISTRO / RAZED SOUL PRODUCTIONS

. Plenty of reviews, including a number of classic death metal albums, such as

SARCOFAGO, DEICIDE, BLOOD

and

BOLT THROWER

. 68 pages. Professionally printed.
