This tape is split into two parts: "...of Death" and "...of Lurid Soul..." It contains dark and malicious sounds, full of wrath, aggression and contempt for everything that is sacred. It is a real march of Satanic legions over the corpses of murdered Jesus worshippers. Over 11 minutes of total devastation, bloody carnage, very intensive, yet full of vulgar music played in extreme tempos. One can hear possession especially in the vocals. It is the true "Possessed By Evil"!

Don't expect any mercy, and despite the fact this material has got only two tracks, these will fuck you up real good. One should notice how neat and good this demo is released: a professionally printed cover and a red cassette with a tampon. really, if there were more tapes

released like that, but hey, this is Tomasz from Under The Sign Of Garazelwho was involved, so that's why, ok. Actually, the tape was released in cooperation with putrid cult productions. It is strictly limited to 200 pieces so don't fucking wait to get it, but go and get it. Otherwise, I might see you sobbing as stuff like that tends to disappear real quickly.
